

# ETF & Index Investing

Positions available in: Americas, Europe, and Asia Pacific

BlackRock is the largest exchange traded fund (ETF) and index investments provider. As a business, we develop, analyze, and manage ETFs and Index Investments that track most major indices, providing clients with access to markets around the world. In joining our team, you will be part of a fast-paced, market-centric, global business. Our team-based atmosphere ensures constant teamwork, knowledge-building, and opportunities to connect with clients and partners across regions and functions.

## Our business contains seven teams:

### Global Markets

Helps our clients understand markets, trading, and best execution opportunities

### Product

Develops and researches product opportunities and defines our product strategy

### Marketing

Drives our brand strategy and distributes our client-ready thought leadership

### Investment Management

Powers our portfolios and manages our investment funds

### Sales

Develops and manages client relationships with institutions, hedge funds, and insurers

### Strategy

Researches and identifies new markets, segments, and product opportunities

### Technology

Develops technology solutions to manage portfolios, build out investment platform, provide insights to clients, and develop automated solutions for scale

## We partner with:

- **Internally:** Colleagues from Sales, Product, and Strategy
- **Externally:** Some teams partner extensively with clients

## What will you do as an analyst?

- Join daily market-related updates, learning about how our products trade and react to market events, and how clients utilize ETF and Index strategies in their portfolios.
- Learn about our clients and their investment strategies. You may assist in guiding investors towards achieving their unique investment goals using our technology and tools.
- Develop a deep foundation on our products and solutions. You will collaborate across multiple business functions to learn the product life cycle and our strategies for continued growth.

## What capabilities are we looking for?

- Resourcefulness
- Analytical approach
- Basic or intermediate coding and programming skills
- Critical thinking
- Presentation skills
