BlackRock

2020 Summer Associate Program

Who is BlackRock?

BlackRock was founded by eight entrepreneurs who wanted to start a very different company. One that combined the best of a financial leader and a technology pioneer.

One that focused many diverse views on a singular purpose: to create a better financial future for our clients - companies, governments, and millions of individuals saving for retirement, their children's educations, and a better life.

Being part of BlackRock means being part of a community of smart, ambitious people. People who value diversity of thought, perspective and background, who believe everyone has a voice at the table. So, whatever your background, whatever you're studying, there's a place for you here.

Summer Associate Program

Our MBA Summer Associate Program is a 10-week internship which offers a supportive and fun learning experience. Summer Associates will be integral parts of the team – adding value from day-one and experiencing life as an Associate.

Over the course of your time with us, you'll have real-world responsibilities in addition to social and networking events to help you start to build your network of future colleagues. Your Summer Associate experience begins with an induction in which you'll learn about BlackRock – our mission, culture, principles and purpose. You'll hear from senior business leaders, as well as more junior colleagues who were in your position not too long ago. You'll receive formal training on the fundamentals of Investment Management and learn how the firm comes together to serve clients – it's our One BlackRock approach.

You'll then join your team where, working alongside some of the brightest minds in the industry, you'll develop subject-matter expertise through on-the-job learning and classroom sessions. You bring the potential, open mind and desire to learn and we'll provide the opportunities and tools to stretch and develop you.
