

Great jobs for bright people

e-jobs

The affordable, entry-level
Applicant Tracking System
- for Higher Education

Recruit better talent, faster and cheaper

**Still using traditional paper-based methods to recruit staff?
Frustrated at the high cost of implementing an e-recruitment platform?**

jobs.ac.uk has joined forces with e-recruitment provider, WCN, to launch e-jobs – a new “low-cost, low risk” Applicant Tracking System for universities, HE colleges and other education providers with less than 1200 employees.

e-jobs streamlines the entire recruitment process from advertising a vacancy, evaluating responses and scheduling interviews to making an appointment.

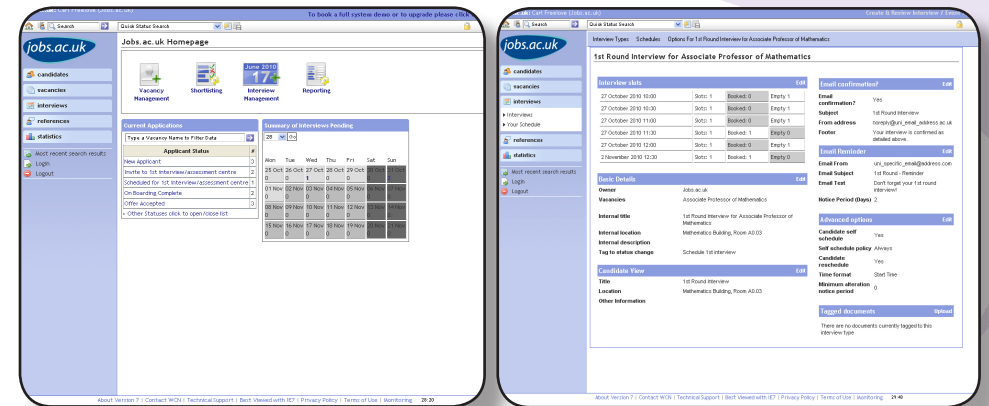

What standard features does e-jobs have?

e-jobs

- Easy job board posting - direct posting to jobs.ac.uk ✓
- Track and manage every job vacancy ✓
- Three user profiles - Line Manager, HR Team & Super User ✓
- Restrict vacancy access to other users ✓
- Respond to candidates automatically ✓
- Quick search to access candidate records in seconds ✓
- Online scoring and shortlisting ✓
- Confidential equal opportunities recording and reporting ✓
- Online interview scheduling ✓
- Candidates can select their preferred interview slot online ✓
- Online candidate withdrawal ✓
- Pre-employment forms which also capture pension details ✓
- Record when candidate visas/work permits expire ✓
- Build powerful, custom reports ✓
- Download all recruitment data to excel ✓

What are the benefits of using e-jobs?

- Cut your recruitment costs & eliminate all wasteful paper
- Get vacancies filled quicker by streamlining your workflow
- Automated & faster communication with authorised users
- Build a talent pool of candidates for future vacancies
- Enhances user experience
- Measure ROI on advertising
- 100% web based - you just need a browser and Internet access!
- Easy to upgrade
- Developed alongside feedback from 15 different universities

So how much does e-jobs cost?

e-jobs is simply charged on a 'per vacancy' basis so it's incredibly cost-effective...even with smaller budgets!

You pay a one-off set up cost of just £500 and you are then charged by the number of vacancies you advertise*.

Annual Volume	Price Per Post on e-jobs
1 - 100 vacancies	£30
101 - 150 vacancies	£27
151 - 250 vacancies	£25
251+ vacancies	£22.50

* jobs.ac.uk adverts are sold separately.
