## best practice Graduate e-Recruitment software

Based on fourteen years experience working with cutting edge Graduate recruitment teams in both the UK and globally, and our work as authors of the Government's Guide to Best Practice e-Recruitment, WCN has incorporated common features (such as event registration, automated processing, integrated scoring and online scheduling) into a solution that offers a comprehensive e-Recruitment system built specifically for Graduate recruiters. WCN*Graduate* provides Application/Resumé books as standard and can be integrated with the major test providers. With four levels of tailoring WCN ensures that the system fits your specific requirements.

WCN recognises that individual Graduate recruiters may work differently; as such WCN*Graduate* offers scope to be specifically tailored to meet your current processes.

## outstanding customer service & advice

WCN is widely recognised by employers as consistently providing the highest levels of customer service and as the authors of the Government's *Guide to Best Practice in e-Recruitment*, who better to come to for advice?

"(WCN) has consistently provided good service and added real value to projects. I would like to extend a big thanks...for providing a consistently strong approach." Barclays Global Investors Client comment.
